Origins Science...

Two Views of Science

Origins Science

Relies on Evidence(witness)
(Initial & path info)
if not, Interpretation!

Past

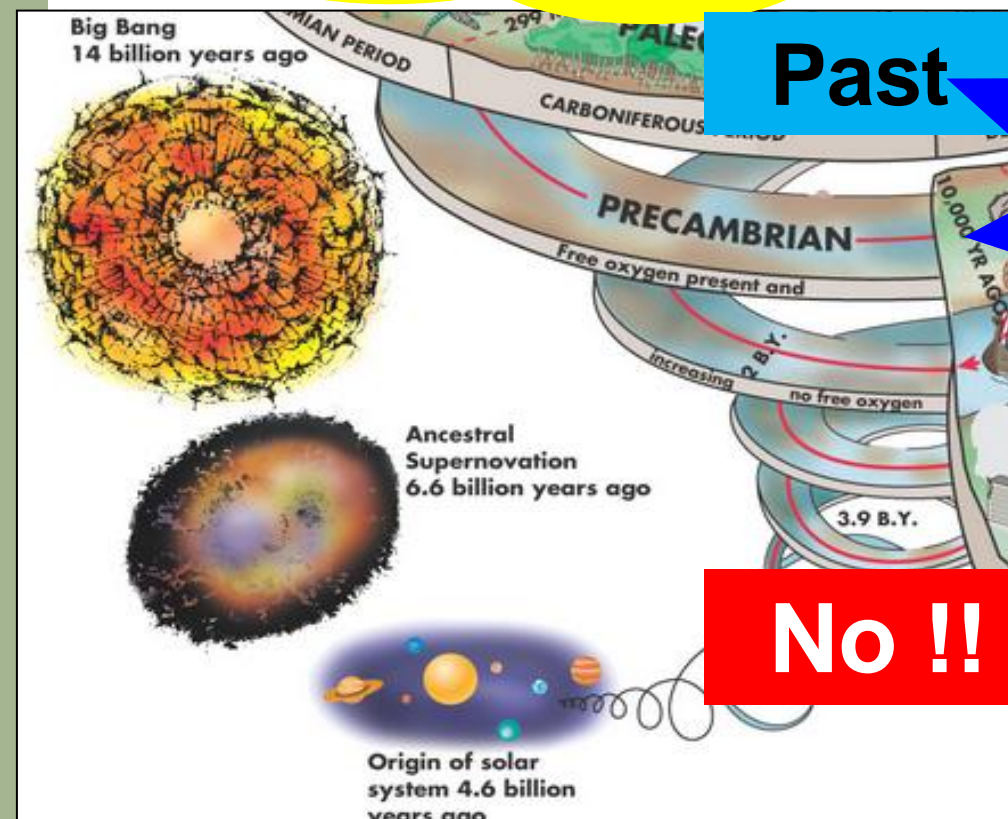

Observable?
Repeatable?
Reproducible?

No !!

Experimental Science

Present

Yes!!

Two Views without Origins Info...

Are they 100% true original...?

What people think...

Are they really..?
..from the same..
..maker...?
..leather..?
..durable..?

Origins information:
Not observable !!
So we don't know ...

There were The Bags when we found them..

What people know...

Look the same..
..Design..
..Color..
..Texture..

Present information:
Observable!
→ need no assumption!!

Becomes an issue of Subjective Interpretation!!
→ One was Original,
while the other was Fake...

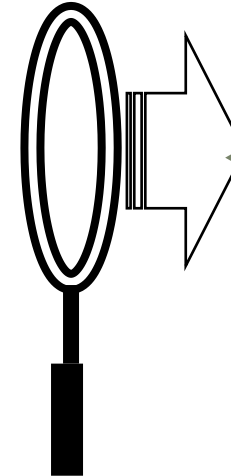

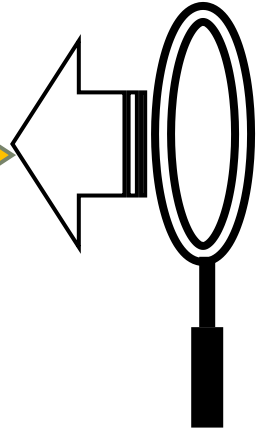

Experimental v.s Origins Science

Origins Science

They were running when we found them..

When did they..?
How long time..?
How many laps..?

.....

Experimental Science

How fast..?
How tall..?
Pace..?
Calorie burning?

.....

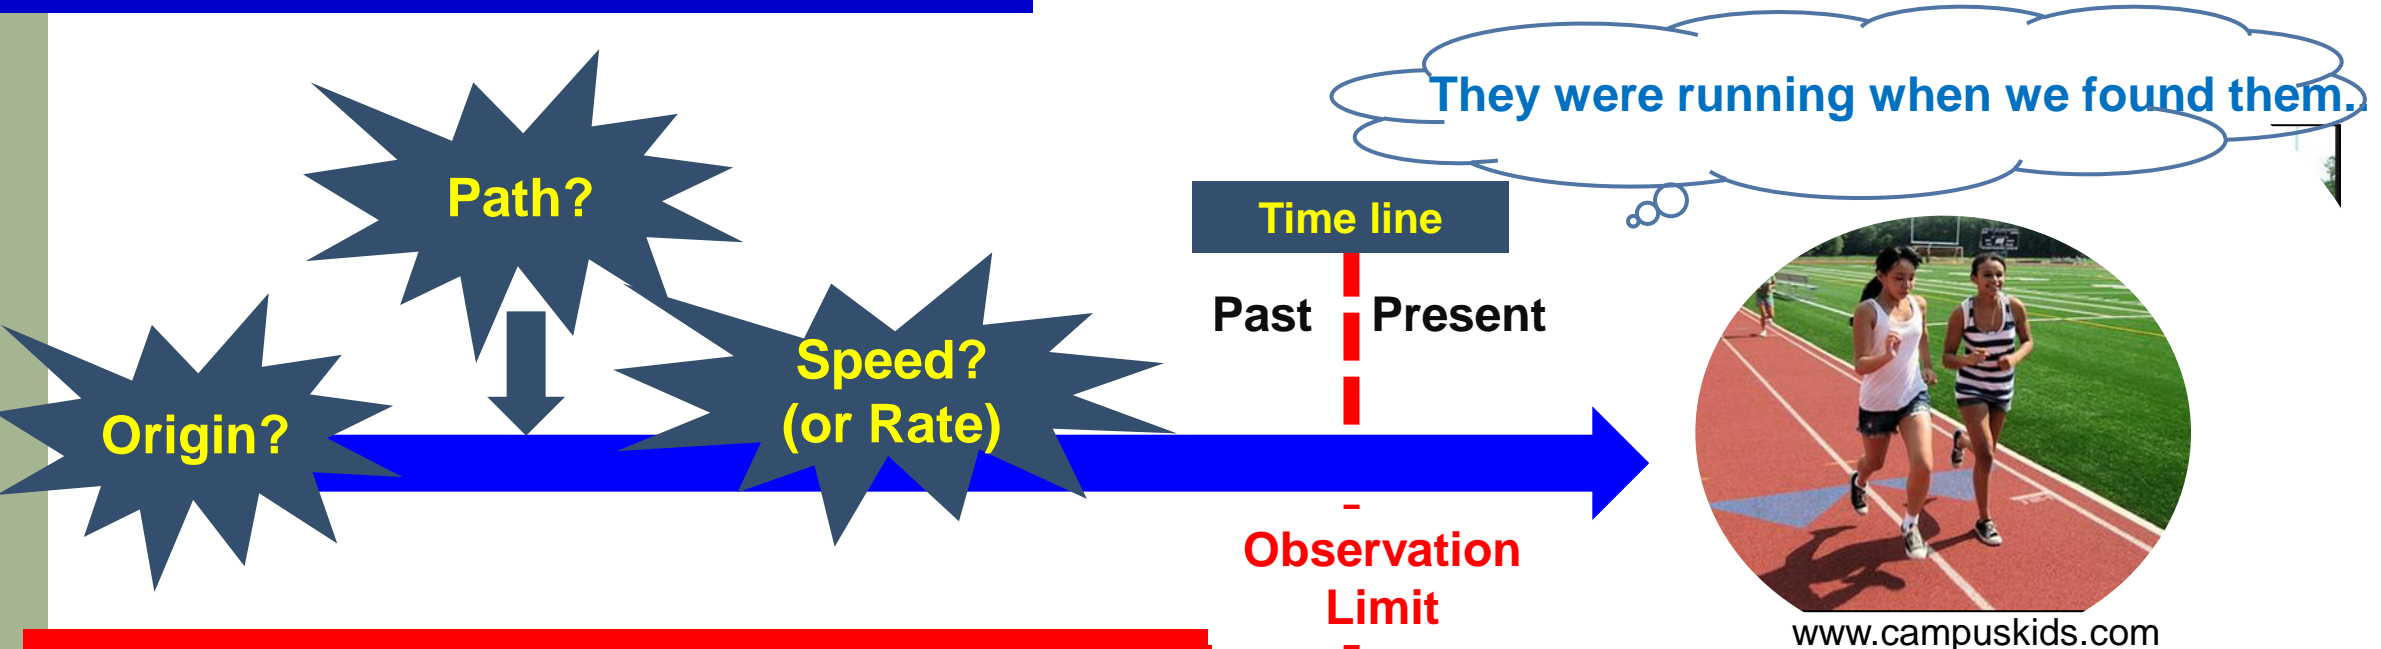

???

**Not observable !!
So we don't know
the answer!**

Observable !!

**So, we know the answer!!
Because we can measure..**

Uncertainty...

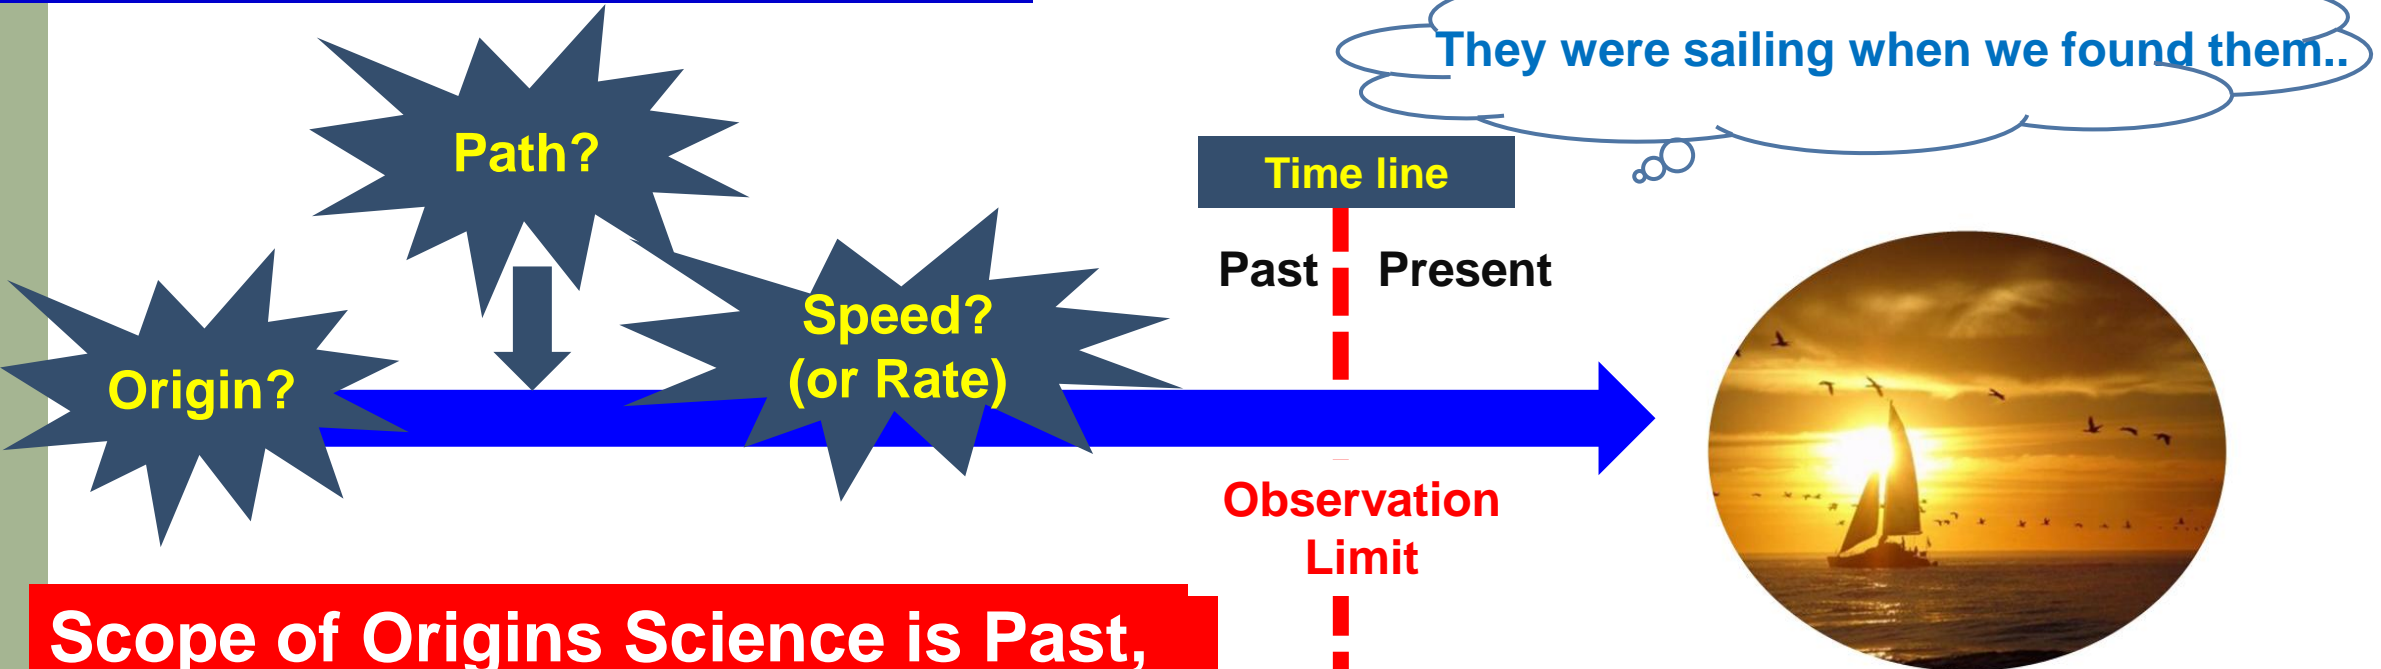

Scope of Origins Science is Past,
→ Beyond Observation
→ No Answer
→ Depends on Men's Assumption!!

Scope of Experimental Science
is Present → Observable!
Needs no Assumption!
No Controversy!!

**Not the Issue of Science, but of Men's
Interpretation or Worldview!!**
